

ADELAIDE CENTRAL VACCINATION CLINIC

Before Your Appointment

Please check your eligibility via the 'Eligibility' link on the Adelaide Central Vaccination Clinic website.

The online booking portal will allow you to provide basic details to enable us to book an appointment for you. There will also be the Covid 19 consent form which MUST be read and filled in prior to your appointment. If there are no concerns or questions, you will be given a choice of an appointment time in the next 1 week.

For patients who answer yes to any questions, you will need to either make a phone call appointment or email booking as further clarification might need to be sought from our clinical staff prior to making an appointment.

What To Bring

Over 70's

- ◆ Medicare card
- ◆ Any photo ID or proof of age

Under 70 (but fulfil one of the other criteria)

- ◆ Medicare card
- ◆ Proof of employment or a current medical summary. If you are unable to obtain the necessary documentation prior to your appointment, a patient declaration form can be signed at time of check in.

On The Day Of Your Appointment

Please arrive on time for your appointment. You will be checked in by our Patient Concierge at the front desk.

Once available, you will be directed to an immunisation room. You will be assessed for any illness on the day and final consent to proceed with the vaccination.

Please note, if you have any questions regarding the COVID-19 vaccine, please visit state or federal websites for more information or speak to your healthcare professional prior to your appointment. To ensure efficiency, appointment times are only 5 minutes and, as such, there will not be time for long discussion and we would have to advise you to rebook.

After Your Vaccination

Once you have been vaccinated, you will be allocated to a common waiting area. You are advised to stay for an additional 15 to 30 minutes to observe for any immediate adverse reactions.

If you have not experienced any major side effects during your observation period, you will then be free to leave.

You will be able to make an appointment for the second dose of the vaccine 4 to 12 weeks later. You will be sent an SMS reminder.
